Dear Sister and Family

We'll try to answer your letter which was forwarded to me here. I have been here over a week with High Blood Pressure of 225 heart trouble. and now they think I have cancer of stomach. They tell me I will have to remain in bed and the Hospital for about 3 months. Hope they are wrong as that is a long time. But not as long as death, I will never be able to work they tell the rest of my life.

This is a beautiful Place. The Doctors and nurses are awfully sweet and good to me. They are doing everything they can. If I don't make it it won't be the Hospital's fault. Hope all is well with you.

So write me a long letter soon as I am so lonesome and Blue. I have a hard battle to fight need lots of good encouragement. write soon. Love. best wishes and regards to all. Always
Your Bro. A. H. H. H. H.
