

WICHETA FALLS, TEXAS

NOV 30, 1941

Dear Dennerd..

I should say I was very glad to get your letter Saturday, but was sorry to learn that you had been sick, I hope this will find you well, as for me I am about the same as usual.

Guess you was glad to get three days off for Thanksgiving. What do you think caused you to be sick? guess you had a bad cold. Have you been bird hunting much? you will have to try that new dog out now as the ~~bird~~ bird season is open. How many days will you get off for xmas? I think I will get ten ~~10~~ days off if nothing happens, I am suppose to get off ~~Dec 21~~ Dec 21. I think it is time I was getting off. Isure do want to come home.

Oh yes, there were three or four people got killed up town last night. A train ran over a car and killed two or three and a car ran over a man and killed him. Another man got shot up there yesterday so you see that is getting to be a dangerous place. There were seven persons in the car that train ran over.

Have they got Timpson decorated for Xmas yet? they sure have got the town decorated up here for xmas. What is Ellis doing? tell him he can write me sometime if he has time. I dont have any news, ans soon.

Love,

Lenard.
