Dear Home folks:

Just a few lines to let you know I was very glad to get your letter Monday. This will find you all well, as for me, about the same. I don't see why you don't write me more often. You did not say if you got my letter with the stamps I sent or not. I guess I won't get home Xmas. I just thought I would let you know so you would not be looking for me. Guess I will have to do the best I can. There are plenty of them here that want to go home as bad as I do, but they won't let anyone off. I will write you all a letter in a day or two. I have not heard from Dorthey in several days, she never had a letter. I don't see why we don't write you more often. Emma Dean. I saw Elizabeth last Sunday. I think she is fixing to quit that College. Ans soon

Love, Lenard.
