

Monday morning

April 13, 1942

Dear Home folks:

Just received your letter yesterday of which I was glad to get and to learn that you all were O.K., hope this will find you all well; I am about the same as usual.

I was sorry to learn that Dorothy had those measles, sure hope Howard don't take them, but I am afraid he will. I ~~wonder~~ wonder where Dorothy got them. I don't think they are as bad as those other measles.

I was very glad to get the package you sent to; yesterday, I did not go to breakfast this morning

2

and I don't guess I will go to dinner or supper either. I sure do thank you all so very, very, much for the box of food, it is so good. I was glad to get the papers too.

yes; we have been having too much rain and I am afraid we will have some more from the way it looks now, hope it is pretty down there now.

I know you all have had a time taking care of your Chick's, glad you got a good hatch. hope you have good luck and raise all of them. Have you all got the government check that you was expecting to get? hope you have. I am glad to learn that Lois is improving, she sure has had a bad

3.

spell. I want to go see her if I get to come home.

Well, Ellis I see you didn't write me this time; but I know you don't have much time to write, but I think you could write on Sunday. I know things looks blue to you sometimes, but you should be so glad and thankful that you are at home. you know I am going to help you all; All I Can.

Guess you all think I get in a hurry to ans your letter, but I wanted to let you know I got the package. you all need not write me until you hear from me again as I am suppose to get off the 19th. I have got some

washing to do to-day as I am
off duty today; you see Monday
is my ~~day~~ day off.

I know Alford + Empire hated
to see Aaron sent so far away, but
they way they are doing now; he
might be sent back to Texas
in a little while. I am sure
he hated to go to the Army as
he waited until he had to go before
he went.

I saw Everette's + Lillie Car, it
just got one of the glasses broke
and bent the side of the body
in pretty bad, I think Everette
should be more Careful. Emma Dean
sure does look well. You all take
Care of yourselves.

Lots of Love,
(Over) Leonard.

P.S. I just got a letter from Emma Dean, they are all O.K. except she said her wisdom tooth was paining her quite a bit as she is cutting one. she said Everette had got the Car fixed up O.K.

Monday:

April 13, 1942

Dear Dennerd:

How are you progressing by now? hope this will find you O.K., as for me I am about the same as usual. I was glad to get your letter too. why didnt you make Ellis write me too? Guess he is too busy.

I'm sure heated to hear about Dorothy having those measles, hope Howard don't have them, but I am afraid he will. we sure have had the rain up here too, looks like we may have some more pretty soon.

yes; Alford had already wrote me about Aaron being sent to California; sure wish he

2.

Could have stayed close to home, but he might be sent back to Texas in a little while. I want to write him a letter today.

I hate for you to have to be out of school so much, but you can't go if the bus don't run. How are you getting along in school? do you think you will be promoted? hope so. How come you and painter to get in a fight with that dog? you had better be careful as you might get dog bit. The name of that funny book is "Superman man" I think it is a good one. I guess you will be plowing tillie pretty soon as she will be a year old pretty soon. I don't have any news.

Love,

Lenard.
