I got a Card from mama and one from Lillie yesterday (Tuesday). they were all O.K. Have you all had any rain sence I was there? hope so. Emma Dean, I guess you was pretty glad to get back home again. I guess you and Emma are eating plenty of fried Chicken ha: Are you still selling ripe tomatoes yet? I don't see why you all didn't write me Sunday or Monday so I would have got it by now.

I have been put in another squadron since I come back up here, so I don't do any more guard duty, but I work in the kitchen part of the time, I work in it last Sunday and yesterday (Tuesday), but you can bet I don't like the job either, I had rather do guard duty. I am in the 420th squadron now, but they might move to another squadron, so you be sure and put your return

address on all your letters. Say Ellis, I think they are going to give us another Kakahi suit and if they do I will send you the one I bought, I think it would fit you.

I saw Foy and Amos both the day I came back up here and both of them ask me about you, they sure would like to have you back up there to work for them. I don't think they can get no one to work and stay with them much. You all be sure to write me as soon as you get this if you havent already wrote Ans soon. Love, Lenard.
