Dear Mama and Ellis

Hope this finds you all doing very sloppily. We are all right but for a little cold on the part of me. I to has quit raining so much up here but rained for about a week not so long ago. That or what gave me my cold. Getting up at 4:30 and leaving here at 5:30 in the cold, dark rain. But I am working from 11 until 6:30 part of this week. And can say good-bye to that after tomorrow because they called me this morning and said to come to work at the telephone Co. Monday. And I had to pass a stiff physical test too. They tested everything about me and said I was ok.

Well I got so sleepy, decided to wait until now to finish my letter. Am out of stamps anyway.

Leonard came again last night said he was going to Laverille Tuesday. So he may not get to come again before Christmas. Answer soon. Will write more next time. Lots of love,
Emine Dean
(over)

you write Leonard and caution
him about going to Church. Last
Sunday he wouldn't go with me
and he wouldn't go again today.
He listens to his preacher from
Nehita Falls.

Dear Remnard,

Gifs an answer to your letter of last week. Glad you are coming along so well in your grade. Just keep it up. Who are your teachers? and you are in the eighth grade aren't you? I thought you were. Leonard said you were in the seventh.

Have you written Christine and Betty? In an. Better write to them.

Leonard got off again this week and so he came up here
Guess I had better eat dinner now as Everett has just come.

Remnard don't you all have to have reinforcements and index tabs? Don't you have a seperate notebook for English and History? What subjects are you taking? Write me about everything you have to do because I can help you and tell you a little bit maybe. And can send you stuff or the money for it because I am to start to work for the telephone Co. tomorrow. Be sure and make good. How do you like your teachers if you do have more than one? Have you gotten any school clothes or shoes? You will need a lot of socks won't you? Answer soon with all questions answered. Love, Emma Dean
