Dear Mama and Ellic.

Was glad to get your letter and to hear that you were OK except for Colds. We are all right.

Have had hours again this week but it is all O.K. on pay day again. See?

Evereth and Lillie are having trouble again so I am going to get me a room over there close to my work. It is way across town from here so I had rather live by myself and get much needed sleep and do like I want to than to be around when <sup>they fuss</sup> such as they do. Come in in the middle of the night and they will yell at each other. I am going to try to get a room with a girl from down there that I went to school with and who is up here going to the Defense school. So the best thing to do is not to worry and not to write things like you did in the last letter because I will be all right and I think you know I have enough sense to know what is right and

what is in doing. You can hear this  
letter up when you read it.

Lillie said to tell you she  
would send the five dollars  
when she could get it and it will  
probably be next week she said.

Will write again when I  
get settled so don't write until  
you hear from me.

I am doing ok in my work and  
am still learning.

Lots of Love,  
Emmie Dean
