

Thursday noon:

Jan 20, 1944

Dear Home folks:

Just a line as I got your letter yesterday, sorry to learn that Ellis was in bed sick, sure hope this finds you all ok, I am about the same. I had just mailed you all a letter when I got your's. Be sure to write me a card, as you may not have time to write a letter, so I can hear from you all more often. I had heard about the bad spell of weather that hit east Texas. Hope it is pretty by now. Yes I know you need me to help do the work and makes me feel bad to know I have to be out in the bad weather. I know I am exposed self too much, you all be careful and take care of self the best you can. I very sorry to learn about Volloy's death, be sure to write me as soon as you get a real soon, Love, Leonard
