Dear Mama and Eddie, Denny,
Hope this finds you all much
better by now. Glad Ellis was up and
guess Dennyard is back in school
by now. I thought sure I had
written you all but I guess I
haven't. If I have it won't hurt
to write again I for it guess.

Heard from Leonard yesterday
and he was o.k. and I guess I
owe Dorothy a letter now too.

Wish we could have some of that
snow once in a while instead of
all of it somewhere else. There
hasn't been that much ice and
snow down there in about
eight years has there? Glad
you could get some one to do the
outside work. Leonard said you
told him you did but why did you
get? I did not know there was
any one down there. Has the Walker
family moved back yet?

I put my radio in the shop yesterday
and guess it will have to stay about
three weeks. Something about it
has burned out that takes a long
time to get.

was off today so I did a big
washing. And had to go to town.

Got a p.c. card from you yesterday

as I wrote this letter I forgot to
mail it. We are having some
fairly good weather. It is pretty
warm at least and not raining.

Hope you all are still ok and
that you got those quilt scraps
too.

Went over to Lillies one afternoon
this week and she said she had
sent them.

Denward I will write you a
letter next week but I don't quite
have time enough now. So you
take good care not to fail and
answer soon.

Love,
Emmanuel
