Dear friend:

In reviewing our present list of borrows we find that your name is not yet among them for the year, and we are writing you to say that we yet have plenty of loanable funds to take care of the needs of all our friends. If you find later that you will need some money for any reasonable purpose, we shall be glad for you to come in and go over the matter with us. We assure you we will endeavor to consider the matter from every helpful, friendly angle, and do our best to help.

With assurances of our deep personal interest, we are,

Yours sincerely,

H.L. Rogers, Vice President and Cashier.
