Dear Mama and All,

Hope you are about caught up with your work but I guess that is impossible.

How is your Corn Ellis? I have not been to town yet so I guess to be honest it will be next Thursday before I can get the shells as I needed the money you gave me to live on. You see I don't get paid today as usual but next Thursday.

It is really warm today and I am enjoying another day off here by myself.

My ~~bag~~ bag did not come on the same bus I did so I had to wait around for it about an hour and then it was too late to take the films in Saturday. I got them off anyway so will send them to you all in approval and see if you want to get a few of them to put in the yard or garden. The Chickens would like their own picture though I guess.

Sure do miss the food and I could not get any that good if I tried because they just don't cook it right. What would I give for some turnip greens and onions and sweet milk right now. Guess I will have to get these pills that doctor told me to and take them before I lose those three pounds I gained down there. What would I gain if I just did nothing except eat and stay out the sun for another couple of weeks.

Better close and hope to hear from you soon

Love

Emma Dean

P.S.

Dear Dennerd,

How is your dumpkoph?
Fine I hope. As far as me ok except I am scratching my sunburn. Do you have one?

Will get you a better birthday present when good old money starts rolling in again. Didn't get paid this week you see. answers soon. Love Emma Dean
