Dear Mima Ellis & Senard,
 Will write you after so long but
 I just forgot who would write a
 letter and Senard told me this
 morning that you all were looking
 for a letter from me and the
 pictures. And Ellis I meant to send
 those shells but I just haven't
 had a chance.

went down to the bus station
 to see Senard before he left and
 had some coffee with him.

Haven't seen Fillie since she
 came back from down there. Mrs
 Anderson is still over there I
 think. Did she stay down there
 much or at Minnie's? Oh yes
 Fillie said to be brought them
 up there the night they came
 in.

Today is Father's day you know.
 Doan't seem like many people are
 taking it though. The girls who
 have dads here are not going
 home. And they didn't on mother's

Day either I don't think.

Well I guess it will be sometime before I get to come down as I have to take off a day so I'll have three days in a row. They have quit giving us two days a week off now. And lots of girls have to work nine hours a day too. I haven't had to yet but a few times.

Well hope you all are better and hope Dennard is ok now. He must have taken Leonard's cold. Leonard said you all were pretty well up on your work. And that you were getting a pretty good price for the tomatoes sure hope it holds up.
