Dear Mama,

Hope this finds you all ok and
this leaves me not so good.
I was off today ~~but~~ I think I
will feel ok by tomorrow.

The hot weather is enough
to make anyone sick. Even if
they don't get out in the sun. It
was 120 degrees in the sun yesterday.
Now if it was that hot down
there I am sorry for you all.

Guess you were surprised
to see Bud. What does his
wife look like? How long is
he going to stay in Tyler?

Glad you all are going to
get the house rebuilt at last.
And as I told Ellis I will
send a money order just as
soon as I can for the eighteen
dollars. I have to get to the
post office before it closes.
Just talking about squash
and fried chicken makes

me want to eat and I can't
get anything like I want when
I want it. We don't ever have
fried Chicken and I am not able
to buy it. So there I am.

I haven't written to Dorothy
since she went to the dentist.
Sure hope it doesn't hurt her to
have her teeth pulled. And Howard
is a little man I guess having
a tooth filled already. My teeth
are ok I guess as I have about caught
up with going to the dentist.

Guess my paycheck will be
real small this week as the
union dues are going to come out.
And I really could use some
extra money. As usual.

Say. did you buy Howard while
Dorothy went to the dentist?

Take Care of yourself
and don't get too hot. And
Answer soon.

Love,
Emmie Dean
