

Saturday night.

Dear Home folks. Oct 14.

Just a line to let you hear from me again. I tried to find you all a radio battery and finally found some at one place, that is they said they would order me one, but it would take about three weeks to get it. If you want me to get them to order it, you write and tell me as soon as you get this card. Hope you all are O.K. I am about the same as usual. Ellis how is your eye by now? Hope it is still improving. And real soon.

Love, Lenard.
