Diboll -- The Lumber and Wood Products Capitol Of The South. Home Of The Temple Industries

Boosters To Decide Fieldhouse Fate Today

Annual TB Survey Brings X-Ray Unit Here Monday

Coach Bennis Franks has his basketball boys off to a good start with impressive wins in their first two games. Whether or not they can continue the pace remains to be seen, but thus far the boys seem to have served notice that they just might give somebody a rough time in the South Zone.

Franks is again building his team around the theory that he can produce a winning team if each of his five starters can score in double figures, with no one particularly outstanding. No one can league question that theory, either, what with the hustling, type ball clubs that have been engineered in the past by Mr. Franks.

The Boosters are again sponsoring baskets for the needy this Christmas season. Actually all they do is paint the signs and have the merchant furnish a box or basket, then ask patrons to put as much as possible into the baskets when they are shopping.

It isn't much to ask of any of us to drop a few items into these baskets. I'm sure there are families in our community who would welcome more to eat at Christmas — and it would seem appropriate to take care of 'our own' ere we spend too many dollars on people living thousands of miles away.

Driving the old Diboll highway from Lufkin last week, we noticed that the county still has not proceeded any further toward Diboll with improvements on that road. Actually, the worst part of the road is just outside town.

Here is one guarantee of a good cup of coffee for the gentlemen who can spread that gravel on into Diboll!

Dr. Stanley Stevenson has said that he has plans for enlarging office and waiting room facilities at Pillage Hospital.

The doctor said he did not know when he would get around to the expansion.

We have had many comments from folks who are wondering why the TV schedule is no longer carried in The News-Bulletin. The schedule was dropped temporarily to allow program times and dates at TRE-TV to settle down. We hate to carry an inaccurate schedule, and our early deadline each week is as much to blame as are the frequent program changes.

The schedule will re-appear shortly.

My thanks to Price Daniel for the lengthy letter, or a copy of which, he sent Gov. Shivers regarding a special election. The letter cannot be reprinted here, and even if it could I doubt that anyone would be more wiser about this particular instance of petty politics than they now are.

Have you been yet? This question generally starts off a good conversation dealing with the fine art of deer hunting. In this case, however, we

Callan Graham Is Association Vice-Pre.

CALLAN GRAHAM, Former West Texas legislator and district attorney from Kimble County, has been named executive vice-president of the Texas Good Roads Association at Austin. He will assume the post December 1.

Callan Graham of Houston has been named executive vice-president of the Texas Good Rd. Association. He will assume the active management of the Association at Austin on Dec. 1.

Charles K. Devall, publisher of the Kilgore News-Herald and president of TGRA, announced today that Graham had accepted the position and will succeed Jim Lindsey who resigned on November 1.

A World War II pilot in the China-Burma-India theater, the 42-year-old attorney served in the Texas Legislature from 49 to 52 as representative from Junction where had served as Kimble County attorney and District Attorney of the 112th Judicial District. Graham is resigning his present position as the executive vice-president of the Texas Manufacturers Association at Houston to accept the Texas Good Roads Association post.

Devall said that members of the Texas Good Roads Association executive committee were "very happy to secure the services of Callan Graham, especially at this time since we are facing the most active decade in road-building progress in history."

"Graham is a seasoned, experienced executive with a first-hand knowledge of the many problems facing the Texas highway program," Devall said. "We believe he will provide the high calibre of active leadership the Association's program requires."

refer to the mobile X-ray unit which will be in town next Monday and Tuesday. And even if you have had a chest X-ray in the last twelve months, nothing is lost by spending five minutes to take advantage of this cost free service.

I don't know whether I'm a TB carrier or not. I hope not, because if I am most likely my wife and child will contact it from me, not to mention the countless other persons I associate with each day. Are you a carrier of this disease?

You can find out for sure on Monday at the Community Center or Tuesday at Southern Pine Drying Shed, located on the main plant site.

—PAUL DURHAM

BY TOMMY WARD

The mobile chest X-ray unit will be in Diboll next Monday and Tuesday for the important purpose of making free chest X-rays to all Dibollians and people of this immediate area. Monday the unit will be in operation at the Community Center, located next to Diboll Elementary school and Tuesday the unit will be located at Southern Pine Lumber Company's dry shed.

As fellow Americans we indeed have much to be thankful for on this Thanksgiving Day. Many of the reasons for our Thanksgiving are matters that have been given great publicity on a national basis, and I fear that we tend to lose sight of some smaller efforts made by others in our behalf that we should indeed be thankful for.

Yes, I have reference to a particular effort, the annual chest X-ray sponsored by the Angelina County Tuberculosis Association each year. This is a campaign to stir each of us to the point that we will attend the free X-ray wagon and determine the status of the individual health in regard to TB.

Arrangements have been made to handle a capacity crowd in the most effortless manner, and we hope that you are all planning to go. Don't go alone. Take a friend or relative with you and remember that this X-ray wagon is our best means of combating a dread disease.

Tuberculosis knows no age limits. This annual check-up is for the entire county, and while we have the unit in Diboll it is hoped that everyone from fifteen years on up will attend.

In the past many of the older members of the community have been slow to take advantage of this free, worthwhile service.

This year the Association is primarily interested in getting the older people to visit the mobile unit.

Since the founding of this national organization in 1904 the death rate of TB has been reduced nearly 90 per cent.

That speaks well for the accomplishments of the organization. But, the big problem still lies in getting people out to take advantage of this wonderful opportunity to confirm the status of health.

A highly contagious disease, TB could practically be stamped out if each community participated 100 per cent in this free program. One TB carrier can unknowingly spread the disease to friends, relatives even his children.

We should be thankful that we have the services and facilities of this county unit available to us 'for free' to assist in obtaining and keeping a higher standard of health among us.

We benefit in our work and in our personal lives as a result of this organization that is operated by a group of fellow citizens who donate their time and talents to such a worthy cause.

Let's all turn out for this X-ray program and make it the most successful stop in Angelina County.

If anyone has any questions regarding the program, they are urged to call Vernon Burkhalter at Southern Pine Lumber Company. He will be happy to assist in any way possible.

All results of your personal X-ray are kept confidential by the Association.

Wait Till Tomorrow!

"MAYBE TOMORROW," their teacher said. Pierre and Nicole wait hopefully for tomorrow to bring them more food, warmer clothes, better schools, improved health—things that Save the Children Federation helps to give thousands of needy boys and girls, without regard to race or creed, in this country and overseas. You can brighten Pierre and Nicole's tomorrow by answering the 25th Anniversary Appeal of Save the Children Federation, 345 East 46th Street, New York 17, New York.

In Corrigan

Large Turnout Of Baptists Will Hear Dr. White Monday

Approximately 450 Baptists of this area will hear the Pastor of Houston's First Baptist Church at the annual Training Union 'M' Night rally to be held Dec-

ember 3 at Corrigan. The program will begin at 7:30 p.m.

Probably the largest Baptist gathering of the area during the year, the group will meet in the Corrigan First Baptist Church and hear plans for leadership training in the churches for the coming year presented by the associations Training Union director, Karl Bozenmah of Lufkin.

Dr. K. Owen White, principal speaker for the evening, is pastor of the First Baptist of Houston. Born in London, England, and spending fourteen of his years in Western Canada as a youth, Dr. White has been living in the United States for over thirty years.

A graduate of the University of Louisville and the Bible Institute of Los Angeles, Dr. White holds the Master of Theology and the Doctor of Philosophy degrees from Southern Baptist Seminary in Louisville, Ky.

Dr. White has been the preacher in the "Baptist Hour" and is now serving on numerous of the committees in Houston and in Baptist work in Texas and in the Southern Baptist Convention.

Before coming to Houston Dr. White was pastor of the First Baptist Church of Little Rock, Arkansas.

Others on the 'M' (Mobilization) Night program are Rev. John A. Woods of Clawson, Roy Meyers of Lufkin, Mrs. W. T. Foster of Poydence, J. L. Bell of Corrigan and Rev. Wade Hopkin of Livingston. The theme of the program will be "Serving the Lord Christ."

There are 3,361 members of Training Union organizations in 35 of the 38 churches of the Unity Baptist association which includes Polk and Angelina co. During the year that closed on October 1, the Training Unions averaged a total attendance of 1,889 each Sunday night.

The organizations are seeking to "reclaim Sunday night for the Christ" in the churches and provide leadership training and indoctrination of church members in missions, stewardship, Bible reading and prayer, evangelism and Baptist beliefs.

Lions Football Party Set For January

The annual Lions Club football banquet has been calendared for the middle of January, according to Doyle Rich.

Mr. Rich said that the date probably would be Jan. 19 or on Jan. 26, depending on when a Southwest Conference coach could be lined up as the principal speaker.

Diboll head football coach Ervin DuBoise is in charge of getting the speaker, Rich said.

CLEAN UP—PAINT UP

There are many devices in a man's heart; nevertheless the counsel of the Lord—that shall stand. — (Proverbs 19, 21.)

When in all love and true humility, and conscious of our human frailty, we devoutly and sincerely ask God the Father for guidance and help to do the good, the right and the wise. He will heed our prayer—if our hearts are clean and our motives unselfish.

Post Office Open

Thanksgiving To Be Only Semi-Holiday

Postmaster Hines Gives Christmas Mailing Rules

Pointing up the need for your cooperation on his 1956 "Mail Early For Christmas" campaign, Postmaster B. F. Hines says if you will follow these simple rules, all of your gifts can be delivered before Christmas Day: Wrap them securely, address it correctly, and mail them early.

Amplifying these rules, the Postmaster said, "Avoid the risk of mailing poorly wrapped packages. Use corrugated mailing cartons, plenty of heavy paper, and be sure that every package is tied with strong cord. Cartons containing several gift packages should be stuffed with tissue or old newspapers to cushion the shocks." He also reminds us that size and weight limitations for Parcel Post packages vary according to place of mailing and the destination, and advises us to secure Pamphlet No. 2 at the Post Office, telling all about packages and wrapping parcels for mailing, and Pamphlet No. 3, giving complete details on domestic Postage Rates and Fees.

Those closing for Thanksgiving were: Diboll Dept. Store, Village Furniture Co., Diboll Insurance Agency, Diboll State Bank, Diboll Music Center, Diboll Nursery and Florist, Western Auto Associate Store, Cash Drug closed at noon today.

Those remaining open: Pine Bough restaurant, Fenley's Cafe, Diboll Gulf Service, Timberland Beauty Shop, Diboll Plumbing, A. Porter and Sons, Bennie Receptor's Sinclair Service.

F-M Road Plans Outlined By Texas

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm-to-Market Road Program for the State of Texas. E. H. Thornton, Jr., Chairman of the Highway Commission, stated that the funds for this 1957 and 1958 program are derived from federal-aid highway funds, matched with state highway funds on a dollar-for-dollar basis.

Mr. V G Koch, District Engineer of the Texas Highway Department at Lufkin, has stated that the following farm-to-market roads in Angelina County are scheduled for work under this program.

Extending from end of F. M. 2109, 4 1/2 miles East of Huntington, East to Ora, a distance of approximately 4.8 miles at an estimated cost of \$120,000.00

It was announced that work will begin on this project as soon as final planning is completed and necessary right-of-way secured. Resident Engineer W. L. Stofkon will be in charge of the work in this area.

Boyer Dies From Heat In Clothes Dryer

New York — Michael Del A Rosa, aged 5, climbed into his mother's electric clothes dryer and became trapped in the rotary machine, which was operating when he got into it. Heat stroke and multiple abrasions killed him before his mother had found him in the machine.

Bully Old Bull Survives 5th Crash

Fairbanks, Alaska—Ole Joe, 1,800 pound bull buffalo, pays no attention to traffic, with the result that he has suffered five collisions in the last five years. But he's little worse for wear. He recently inflicted \$300 damage to a territorial police car, but was scarcely scratched.

Today, November 29, is Our Thanksgiving in Texas.

Thanksgiving will be only a semi-holiday for most industrial and business houses in Diboll, however.

Southern Pine Lumber Company employees will get an extra hour for lunch, from 12 to 2 pm, with the night shift shutting down an hour early tonight. The U. S. Post Office remained open today since they observed the national date last Thursday by being closed.

Diboll Public schools will be out yesterday and will be in recess until Monday morning, Dec. 3.

Not all business establishments could be contacted, but those that were listed below.

Those closing for Thanksgiving were: Diboll Dept. Store, Village Furniture Co., Diboll Insurance Agency, Diboll State Bank, Diboll Music Center, Diboll Nursery and Florist, Western Auto Associate Store, Cash Drug closed at noon today.

Those remaining open: Pine Bough restaurant, Fenley's Cafe, Diboll Gulf Service, Timberland Beauty Shop, Diboll Plumbing, A. Porter and Sons, Bennie Receptor's Sinclair Service.

Clipper Gets Clipped For Doing Bum Job

Kalamazoo, Mich. — A man entered Eugene Scott's barber shop and announced, "Give me a good haircut or I'll hit you."

After getting the clip, the unidentified customer clipped Mr. Scott on the nose, saying "I've paid a lot of barbers in the same way for giving me a bum haircut." With that he walked out, leaving Scott holding his hurt nose — and the bag.

FARM PENSIONS

More than 140,000 self-employed farmers and members of their families have claimed Old Age and Survivors Insurance benefits this year, according to Commissioner Charles I. Scotland, of the Social Security Administration. These were the first persons to qualify under the 1954 Social Security amendment that extended coverage to farmers.

Capps Gets 17

Franksmen Outshoot Eagles In Second Cage Win, 49-33

Holding only a slim 25-2p half time lead, Bennie Franks Diboll Lumberjacks limited the Woodville Eagles to three points in the third period while pouring on the coal themselves in romping to a 49-33 victory last night at Woodville. It was the second consecutive victory for the 'Franksmen', their first coming at the expense of Chester last Tuesday.

The locals are scheduled to devote four full days to practice before traveling to Alto Friday night for another non-district tussle. No other games are scheduled until Dec. 4 when they face the Livingston Lions in Livingston.

Don Capps was the big gun for Diboll against Woodville as he garnered 17 points. Glover popped in long field goals for a

The Diboll Booster Club met at the Pine Bough Restaurant today at noon and president Ralph Magill said the hour's business session should produce — 'some sort of definite' plan in regard to the club's fieldhouse project. The club has raised funds totaling an estimated \$6,500 to be spent on the project from the proceeds taken in on Diboll Day 1955 and 1956.

Committee activity was set in motion last week via a motion by Arthur Temple Jr. that the club get all research done so that construction can be started on the project early next year. All details of the fieldhouse are expected to be completed by the 1957 football season, Magill said.

Committee members met with head football coach Ervin DuBoise this week to determine exactly what he thought should be contained in the fieldhouse interior. Cost estimates will then be made and presented for ratification.

A report on the outcome of this meeting will be in the Dec. 6 edition of The News-Bulletin.

Special Offer Is Now Available To N-B Subscribers

An unprecedented offer is now available to subscribers or potential subscribers of The Diboll News-Bulletin.

The publishers are offering a full years subscription to the Weekly Newspaper, sent anywhere in the world, for only 75c. The offer cannot be duplicated by the publishers until this time next year.

Persons interested in sending this publication to their son, sister, brother, mother, or daughter should write to Box 518 or Dial 2226 in Diboll.

Merchants Meet To Outline Parade

The Diboll Merchants Association will meet Tuesday night, December 4, at The Pine Bough to complete details for their annual Santa Claus Parade. President Bob Scoggin said today that all members are urged to attend this important session, the last of the 1956 year.

The parade is scheduled for Dec. 6, at Miller Park at 7:00 p.m.

Wallace Dean, Van Scarborough, Bill Kelley, Jif Horton, and Charles Pladker all celebrated Thanksgiving holiday from Lufkin Foundry today.

Chester Yellow Jackets after a slow start by both clubs.

Jim Bobbitt rang up 16 points Bobby Glover followed with 13 and Harold Burchfield chipped in 10 towards the initial win. Chester's Wade sank 13 markers.

Robert Fendley made 10 points in showing the way for a B-squad 50-25 win.

HOG PRICES UP

For the first time in several months, the price of hogs increased bringing average prices well above those of a year ago, following a dip a few days before to the lowest level since March. The rise was attributed to the Agricultural Department's announcement that it would begin buying \$100,000,000 worth of pork products to help support port hog prices.

CLEAN UP—PAINT UP

BUSINESS FAILURES

That the small business man is having difficulty is apparent from statistics on failures compiled by Dunn and Bradstreet. Since the beginning of 1956 failures have averaged 251 a week, compared to 214 a week in the comparable period of 1955 and 217 a week in 1954. Failures are running 11 per cent higher this year than they did in 1954.

JOB TOTALS

Employment in October reached 66,200,000, the highest October figure on record, 100,000 above the September total, but 600,000 under the peak figure of 60,800,000 reached during the summer when many students and other temporary workers were employed. Unemployment stood at 1,900,000 at the end of October 200,000 below that of October, 1955, and "was one of the lowest levels since late 1953.

MAJORITY OR MOUSE?

Federal Court

NRCDC Files Suit In Water Control Fight

Alto — The Neches River Conservation District last week filed suit in Dallas federal court against the US Corps of Engineers over control of the water in the Angelina River.

The district asked the court to enjoin Corps officials from making a 50-year contract with a Beaumont water agency in regard to water releases from the proposed federal reservoir at McGee Bend.

Gus Whiteman, president of the Neches River Conservation District, said the proposed contract would obligate the Corps of Engineers to release over the dam, for downstream use, substantially all of the reservoir's output during the summer months for fifty years.

"Such an arrangement would bar surrounding communities from withdrawing water from the reservoir for irrigation and for new industries, and it would bar upstream communities from impounding enough water to meet their present and future needs," Mr. Whiteman declared.

He added: "All citizens of this area can unite in the fight for their water rights."

The Alto foo processor said that the Neches River Conservation District includes the water sheds of the Angelina River and the upper half of the Neches River, and that his board of directors will cooperate with other agencies in meeting the water needs of this area.

Undertaking of the dams being planned by his district, he said: "Our Master Plan will include a dam at McGee Bend designed for both local and downstream projects now under construction or planned on the Neches and Angelina Rivers and their tributaries, and several other dams vital to the progress of Central East Texas."

"We think the waters that flow off the lands of East Texas should be used to benefit all East Texas, and not be grabbed up in one big deal by the Corps of Engineers and a downstream water agency," Mr. Whiteman concluded.

Pris Magill and Aline Stovall attended a beauty school in Tyler, Thursday, Nov. 20.

Karl Bozeman To Give Talk Here

Karl Bozeman, Training Union Director of the First Baptist Church of Lufkin will speak at the Texas Baptist Training Union convention to be held in Wichita Falls November 29 and the two days following. Mr. Bozeman who is also director of the Training Union work of the churches in the Unity Baptist association, will speak on "Training Union Work in the Association."

Accompanying Mr. Bozeman from Lufkin will be Lynn Bishop and Sylvia Lockhart who will participate in the Young People's Better Speakers Tournament to be conducted at Wichita Falls. The two young people students at Lufkin high school and members of the First Baptist Church, were declared winners from District 2 in the contest held at Jacksonville November 19.

Lynn's topic is "The Home I Want to Build" and Sylvia's subject is "As a Trustee for God." The meeting to be held in the Memorial Auditorium and five local churches, will be one of the largest T. U. Gatherings ever to be held in Texas.

FEWER AUTOS?

Automobile production this year is expected to be about 36 per cent under that of a year ago, with the likelihood that there will be no buildup of large inventories.

DO-IT-YOURSELF: GET THREE MEALS FROM ONE ECONOMY BEEF POT ROAST

If your family likes beef — and who doesn't — they will love this new design for living. Simply buy a full 6th and 7th rib pot roast, divide it, before cooking, into the several cuts illustrated above and prepare each in your family's favorite way. (1) Have your butcher saw through the rib bones above the eye of fat. Hold firmly to both ends to separate the rib-eye from the outside section. Cut rib bones free and trim lean meat off. Remove thin blade cartilage and backbone. (2) Then roll outside section, fat side out, into a pot roast and skewer or tie. Cook over low temperature with moisture for best results. (3) Slice the rib-eye into 1½ to 2-inch "country club" steaks which are tender

enough to broil or, if preferred, swiss. Use bones for beef stock and lean meat for stew. Wrap or cover the cuts loosely if they are to be used within a few days; freeze them if longer storage is desired. At-home fabricating saves time and money, says the Texas Beef Council and provides three or four distinctively different dinners.

enough to broil or, if preferred, swiss. Use bones for beef stock and lean meat for stew. Wrap or cover the cuts loosely if they are to be used within a few days; freeze them if longer storage is desired. At-home fabricating saves time and money, says the Texas Beef Council and provides three or four distinctively different dinners.

MAIL YOUR CHRISTMAS PARCELS

The Postoffice Department has requested all those who intend to send packages or parcels to servicemen overseas for Christmas. Complete their mailings by November 15th.

The Postoffice Department points out that the volume of packages involved is considerable and that only if they are mailed between and November 15th, will they be certain of arriving at their destination on time for Christmas celebrations.

The United States still has forces stationed in just about every corner of the globe, and the problem of transporting mail to the hundreds of the thousands of Americans abroad is in itself a considerable one. Some of the outposts are far removed from normal trade routes, and, therefore, the November 15th deadline is necessary.

YANKS WRONG CUSTOMER

Spokane, Wash. — An impatient customer, Settle Pearson, 32, walked into a barbershop or a haircut and shave. Told there was no empty chair, Pearson grabbed a dozing barber by the collar and pulled him from a barber chair. The patron happened to be Policeman Leroy G. Cummins, Jr., complete with uniform, revolver and handcuffs. The impatient customer, caught after a chase, was booked on a disorderly conduct charge.

LIFEGUARD GETS THANKS

Westerly, R. I. — Although Frank Turano, veteran lifeguard at Misquamicut Beach, is credited with 500 rescues in 23 years, he recently received his first thank-you note for a rescue. It was from Miss Yolande Messier, of Norwich, Conn., whom he helped from the surf August 19.

Obviously, packages sent in October, or early November, should contain gifts which will not perish between now and Christmas. It might be better, in other words, to let Junior buy his fruitcake overseas than to send him something that will be in poor condition when he opens it on Christmas day, which is only about nine weeks distant.

The Postoffice reminds senders that parcels should not exceed 100 inches in total length and girth and that those destined for Great Britain should weigh no more than sixty pounds, while others should weigh no more than seventy pounds. The mailing of inflammables is also barred by Postoffice regulations.

Diboll student Nita Ramsey won a \$1 prize last week in TB essay writing contest. She is the daughter of Mr. and Mrs. R. T. Ramsey.

PREVENTING WORM DISEASES

By Dr. E. M. Gildow, D.V.M.

At some time or other during their lives, most dogs are subject to internal parasites. A few are dangerous, but most are serious only when neglected. Unfortunately, more dogs are killed or made sick by well-meant but improper worming. Because different medicines are required for different kinds of worms, it's best to leave the task to the veterinarian.

Symptoms of worms are loss of weight, poor coat, vomiting, varying appetite, diarrhea, coughing, watery eyes and

Dog of the Week: POMERANIAN

Toy Classification. Average weight, seven pounds. Coat: Soft, fluffy undercoat; long, straight overcoat. Profuse mane and frill; feathered hind quarters. Colors: Black, brown, chocolate, red, orange, cream, orange-tan, wolf-sable, beaver, blue, white and parti-colors.

sometimes convulsions. These symptoms may also be associated with other diseases. The most common type of worm and the easiest to get rid of is the roundworm. Puppies are often born infected with this parasite. Other types are tapeworms, hookworms, whipworms and heartworms. Only through microscopic examination can the type be determined.

Although as specified above, worming treatment is best left to the veterinarian, the dog owner can help protect his pet against tape worms by destroying the parasites which carry them. Fleas and lice are common tapeworm carriers. Specially prepared lindane can be used as an effective powder or rinse to kill such parasites without harm to the dog.

Grounds and pen should also be kept clean and disinfected regularly, for dogs can become infected by worms in the soil entering their bodies either by mouth or by burrowing through the skin of the feet and legs. The dog's kennel or house and bed also should be sprayed regularly with D.D.T. or chlordane.

Feeding Tips: Dogs can become infected with tapeworm from eating raw rabbit meat, pork or fish. It is not necessary to add meat to good commercial all-purpose dog food, such as Friskies, which already contains meat and bone meal.

CO-OP CASE REOPENED

Texas Supreme Court has agreed to take another look at a case to decide electric power selling rights.

Issue is whether rural electric cooperatives can continue service in areas after they are annexed by cities. In August the Supreme Court refused to review lower court decisions in favor of the co-ops.

Suit was brought by the attorney general, numerous private utility companies and the League of Texas Municipalities. On the other side is the Upshaw Rural Electric Cooperative backed by other co-ops and the City of Gilmer.

Private utilities contend the law restricts co-ops to towns of 1,500 or less. Co-ops say they can't be thrown out once they have legally entered an area.

No date for arguments was set by the high court.

Attend The Church Of Your Choice

Attend
Church
Every
Week

Pray
Every
Day

Shall I force my child to go to Sunday School and Church?

Yes, definitely!
Startled? Why? How do you answer Lucy when she comes to the breakfast table and announces, "I'm not going to school today!" You know, Lucy goes.

How do you answer when Lucy comes in besmudged with dirt and says, "I'm not going to take a bath!" You know, Lucy bathes.

How do you answer when Lucy, threatened with illness, says, "I'm not going to take that medicine!" You know, she takes it.

Why all this timidity, then, in the realm of spiritual guidance and moral training? Going to wait and let her decide what Church she'll go to when she's old enough? Don't fool yourself. By that time she'll probably believe that a decision neglected by her parents during her first twenty years might not be necessary at all. You didn't wait until she was "old enough" to decide she should go to school.

Afraid she'll later succumb to the old story about " . . . too much religion when I was young . . . parents made me go?" This tale is obviously false. Just because she takes a bath tonight doesn't mean she'll discontinue them at the age of twenty-one.

What shall I say to Lucy when she announces she doesn't like Sunday School and Church. That's easy. Be consistent.

By firmness and example you can show her that church-going is a necessity. And in later years, she will thank you for bringing into her life the greatest values a mature person can possess—Christian habits and ideals.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For the sake of his community and nation. (3) For the sake of the Church itself, which needs his moral and moral support. Plan to go to church regularly and read your Bible daily.

FOR CHRISTMAS:

A Fanciful Candy Chain

THIS CHRISTMAS, deck your fireplace with a chain that's jolly, made of a variety of colorful candies that go hand-in-hand with seasonal evergreens, mistletoe and holly. As shown above . . . shortly after starting, grown-ups and youngsters too, can make a chain several feet long. Here's how: Pull out from a queen size roll . . . a 3" strip of clear plastic wrap and spread it out on a table. At 2" intervals, place a piece of candy. Then fold over wrap and twist between each piece of candy to lock them all in place. Wrap a bit of colored or clear cellophane tape between each piece and your first link is complete. Join links together with same tape to make a sarrandy chain long enough to decorate your fireplace, Christmas tree, entrance ways or rooms. Moisture proof, the chain can also be hung outdoors and best of all . . . the children can't eat its contents when the holidays are past.

Austin, Texas. — Austin's feud over O. Henry's "Honey-moon house" has people over the state taking sides.

Bone of contention is a weatherbeaten frame cottage where the famed short story writer took his bride 69 years ago. His tory lovers want to preserve it as a "beautiful tribute." Austin Heritage Society gained City

Council permission to move it into a park adjoining an exclusive westside residential area. Nearby homeowners call it a "vermin-infested junk heap." They say they'll sue.

While park-lovers fumed, his tory lovers got the house loaded on a truck, began inching it into the park. Stories went out across the country and brought back a tide of advisers for each group. But no solution.

STATE WINS PRIZE MONEY

Businesses offering prizes to customers must pay a 20 per cent state tax, according to court ruling:

Third Court of Civil Appeals so judged in a suit against Mrs. Tufker Foods, Inc. It offered coupons worth 15, 25 and 50 cents with cans of shortening. Attorneys for the firm argued the prize tax applied only to theaters and places of amusements.

District and appeals courts interpreted the statute as apply to "any business enterprise."

COME FROM BEHIND

Durham, Brezeale Lead Littlejacks 26-26 Tie With Garrison Bullpups

Half back Jerry Brezeale and fullback Linwood Durham each scored twice in a thrilling 26-26 tie ball game waged by Diboll's Littlejackets and Garrison's Bullpups here last Tuesday. Both are junior high outfits.

Brezeale scored from the 5 early in the game and added the point to put Diboll ahead 7-0. The little back raced 38 yards minutes later on a double reverse for a TD. Paul Murphy ran over for the point.

The Bullpups scored twice on long passes, but missed on one point and they still trailed, 13-

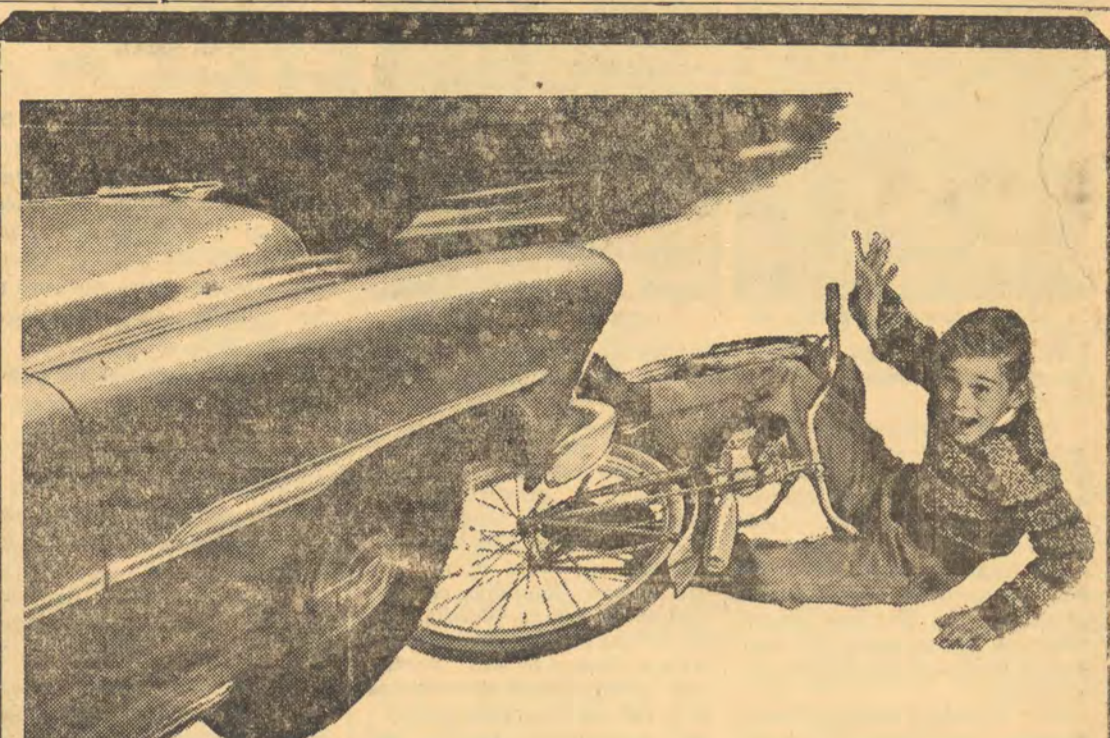

back Curbow scored from the 1 and added the point.

The Littlejacks tied the Count at 20-20 as Durham pounded 15 yards for a TD, Durham came right back with a 25 yard TD romp that put the host team ahead, 26-20 after missing two

consecutive points.

Kennedy Pierce passed long to Curbow on the last play and Curbow hoofed it for the tying six points from mid-field.

Both teams played with new strength added to starting line-ups.

THE WOOD IN YOUR LIFE

Whether you commute from Connecticut or ship cotton from Carolina, there is a train in your life. Corn, coal, cotton, cattle, copper and timber products — all move on tracks supported by wood crossties.

Timber for America's quarter million miles of railroad track grows on well-managed industrial and farm forests as a self-renewing crop.

THE FIBER OF AMERICA

SOUTHERN PINE Lumber Company

A Queen Is Crowned!

From working girl ... to Queen Candelite

The inspiring story of what happened to quiet, hard-working Martha Del Gaudio is a Cinderella tale that could happen only in America.

Born 21 years ago of parents who were far from wealthy, Martha was never a star in school, some girls were always prettier, some smarter, some more athletic. Martha was always just an average girl from an average home. And like most average girls, Martha's dream was one day to reach the top, to gain fame and the admiration of others.

For a time, it seemed, fame was not for Martha. She could have no movie career, for acting lessons cost money and Martha had responsibilities to fulfill. Leaving school, she got a job with the Duro-Test Corporation mounting tiny filaments in incandescent lamps. Martha was good at her job. Her fingers had always been nimble, and her reserved personality won her many close friends among fellow employees.

Though her job was a good one and she had many friends,

Martha's mind would still sometimes wander to the dream of fame and prestige that so many young girls long for.

Finally, opportunity knocked! Nominations were opened for the Queen Candelite contest, and unknown to Martha, her name was entered. But did she have a chance to win? Martha had always been an average girl, shy and reserved, and several professional models had been nominated.

Tension mounted as the judges cast their ballots. "The winner," it was announced as the whole audience hushed, "is Martha Del Gaudio!"

As the crown was placed upon moist-eyed Martha's head she gulped hard before trying to express her heartfelt joy and gratitude. "It's wonderful," she murmured, and could say no more. The audience thought so, too!

STEPHEN F. AUSTIN STATE COLLEGE NEWS

Nacogdoches, Texas, Nov. 27. (Spl.) — A symphony orchestra recently chosen by U. S. State Department for a Latin-American tour appears next week at Stephen F. Austin State College. The concert by the New Or-

leans Symphony Orchestra starts at 8 p. m. Monday at the Nacogdoches high school auditorium. It is being sponsored by SFA.

In the spring of 1956, the State Department selected the New Orleans Symphony as the orchestra representative of the best in American classical music. And it dispatched the 85-piece organization on a tour of 26 Latin-American cities.

Mr. R. A. Tatum reports that son J. A. and family will be home for Christmas from Corpus.

Looking at WASHINGTON

CHRISTMAS SEAL TIME AGAIN

It is time once again to buy Christmas Seals, which are on sale from the middle of November to the Christmas season. With some exceptions, the proceeds from the sale of Christmas seals constitute the only revenue of the Tuberculosis Association.

Modern medical science can do wonderful things with cases of tuberculosis, if discovered in time, and it is the purpose of the Tuberculosis Association to provide educational and curative facilities for people in this community, and in all communities. This is a major undertaking, since TB strikes one American every five minutes.

It is estimated that between fifty and sixty million Americans are infected with TB germs. This means that more than one out of every three persons in this country carry the TB germs. Some 400,000 have the disease in an active form, and of this number, 150,000 persons, who have active TB, have not yet discovered it, and may not even know they have it.

It is estimated that 1,200,000 persons need medical care or supervision for active or inactive tuberculosis, and last year about 16,000 people died because this care did not come in time. Each year about 100,000 people are found with active TB. Statistics in the United States show that the problem is still a very serious one.

We therefore urge local citizens to contribute to the fight against tuberculosis through the purchase of Christmas Seals.

HUNT THE BIRDS

Now that the pheasant season is open in many parts of the country, the quail season is about here (on Thanksgiving

Day in many states,) and other bird-hunting is the order of the day, we have cheerful information for hunters.

From all indications, this year's bird crop seems to be a good one, probably the best in 3 or 4 years in most sections of the country and game should be relatively plentiful.

Anyone who has the bird-hunting bug is seriously afflicted — in an enjoyable way — and whether it be geese, ducks, quail, peasannts, grouse or any other game bird, we urge all those who are lovers of the sport to take time out to enjoy some of the glorious days of Fall and go hunting.

To those who stay at their desks, in stuffy offices, and miss the fun of this hunting season, we will point out several things. First, the nation is at peace now. There probably will be a time in the future, unfortunately when the nation may not be at peace and when many of us will not be able to hunt. Second, those who are enjoying good health and are able to hunt now should take advantage of their good fortune and get the outdoor exercise and fresh air, as a sort of physical therapy as a means of retaining health.

If another excuse to go hunting is needed, one can always enjoy a season when game is relatively plentiful. There will be years when they will not be so plentiful, and so next season, or the next, may be too late.

If all these reasons cannot help the reader to rationalize himself into going hunting, then we suggest he think about the dullness of his job, or the boredom or tediousness of the nature of his work. If he will think about this long enough, he will get up and go somewhere else, and he may go hunting even if his office duties do not warrant such a step.

After all, it's only money that we work for, and money is relatively unimportant in the long run. A hundred years from now it will make no difference, anyhow.

SHIP BUILDING

The world's shipbuilding this year reached its highest since the World War II construction boom, according to the American Merchant Marine Institute. In a study of the world's merchant fleets, the institute said that on completion of present construction, the total ocean-going merchant fleet will be 80 per cent larger than it was in 1939 and 27.8 per cent larger than it is now. Great Britain leads as the world's leading ship builder, with Japan and Germany in second and third places.

U. S. ITALIAN PACT

Under an agreement signed in Rome between the United States and Italy, this country has agreed to sell Italy \$60,800,000 worth of farm commodities including cotton, corn, tobacco and vegetable oil. A substantial portion of the amount to be paid will be lent to the Italian Government on long-term basis for economical development, mainly in southern Italy.

De-LIGHT-ful

Broadway and Hollywood are buzzing about the election of brunette beauty Martha Del Gaudio, recently named Queen Candelite for 1956. Employed by the Duro-Test Corporation as a lighting technician, the modest queen's dazzling smile made the judges see the light!

Facts About The OLYMPICS

Ancient Olympics were held every 4 years in Greece to honor Zeus, the "god of gods". Started in 776 B.C., they lasted for 11 centuries. They were open to all law-abiding Greek freemen. Tests included chariot racing, foot racing, discus,

Baron Pierre de Coubertin was founder of the modern Olympics. He felt that they could help build international friendship and understanding. The games were revived in 1896 amid world-wide acclaim.

Celebrated every 4 years since — except during the two great wars — the first of the modern Olympics were held in Athens. The 1900 Olympics were held in Paris; St. Louis 1904; London 1908; Stockholm 1912; Antwerp 1920; Paris 1924; Amsterdam 1928; Los Angeles 1932; Berlin 1936; London 1948; Helsinki 1952.

Democratic Australia, where the 1956 Olympics are held, Nov. 22 to Dec. 8, has been in every Olympiad of the modern era — a record shared only by Great Britain, the U.S. and Greece.

Australians have spent nearly \$16 million to welcome the world's athletes and make the games the greatest of modern times. Melbourne's huge Stadium, shown above, can accommodate more than 100,000 people and is one of the finest in the world. Today, Australia is a fully independent member of the British Commonwealth and has hurled her weight into every battle for freedom. She has neither sought nor taken dollar aid at any time, nor asked any favors from any other country. Melbourne, its second largest city, is a busy metropolis of 1,600,000 people, and is a beautiful city of parks and gardens.

Groveton Meets Humble In Playoff Tilt Friday

Groveton will meet Humble Friday night at Huntsville in a Class A schoolboy regional playoff game. Humble powered its way past Warren and Groveton won a 20-6 game over Corrigan last Friday to advance the two teams into the state playoffs.

Groveton has advanced to regional play many times in the last ten years, but will be look-

ing for its first win in that length of time tomorrow night. Corrigan was the District 22-A representative in the Groveton game.

Mr. and Mrs. Linwood Smith and son Philip are visiting Mr. and Mrs. J. C. Smith this week. Linwood is enjoying deer hunting with father and friends.

New soldiers in Uncle Sam's Army, Bob Brezeale and Pete Quarrels, are stationed at Fort Hood. They are in different outfits.

Yuletide Season To Open With Parade

Chamber of Commerce News November 20, 1956

The Christmas Season opening and the annual Lufkin Santa Claus parade will be held Friday November 30 at 10:30 a. m. Elbert Clark, Chairman of the Merchants Division has announced. The parade will include high school bands, the Sheriff's Posse and a dozen or more civic organization floats, beauty queens and commercial entries, all to escort Santa on his first official visit to Lufkin. Street decorations for Christmas will also be installed.

The Christmas Treasure Hunt, a popular window shopping contest held last year, will be repeated with some forty-seven merchants participating. A multitude of prizes including two television sets will be awarded to various winners in the contest.

Numerous merchants have agreed to sponsor parade floats and pay civic organizations or clubs \$25 toward decoration costs. The Merchants Division is to award \$50 for First Prize; \$25 Second; \$15 Third and \$10 for Fourth prize for the best float in the parade.

Clubs and organizations already entering floats are: Lufkin Service League, Beta Sigma Phi Girl Scouts, Rebekah Lodge, Kiwanis Club, Kurth P. T. A., Zeta Phi Eta of Our Lady of LaSalette.

Clubs desiring to enter floats should contact the Chamber of Commerce.

Santa Claus will have his candy bag with him but will not throw candy as he moves through the parade on his special float. Instead Santa Claus and merchant assistants will throw candy to the crowds after the parade has made its way through the streets and Santa's float is parked.

"We hope that children of this entire East Texas area will come to Lufkin on November 30 to see the Christmas parade," Chairman Clark said.

TEENAGERS

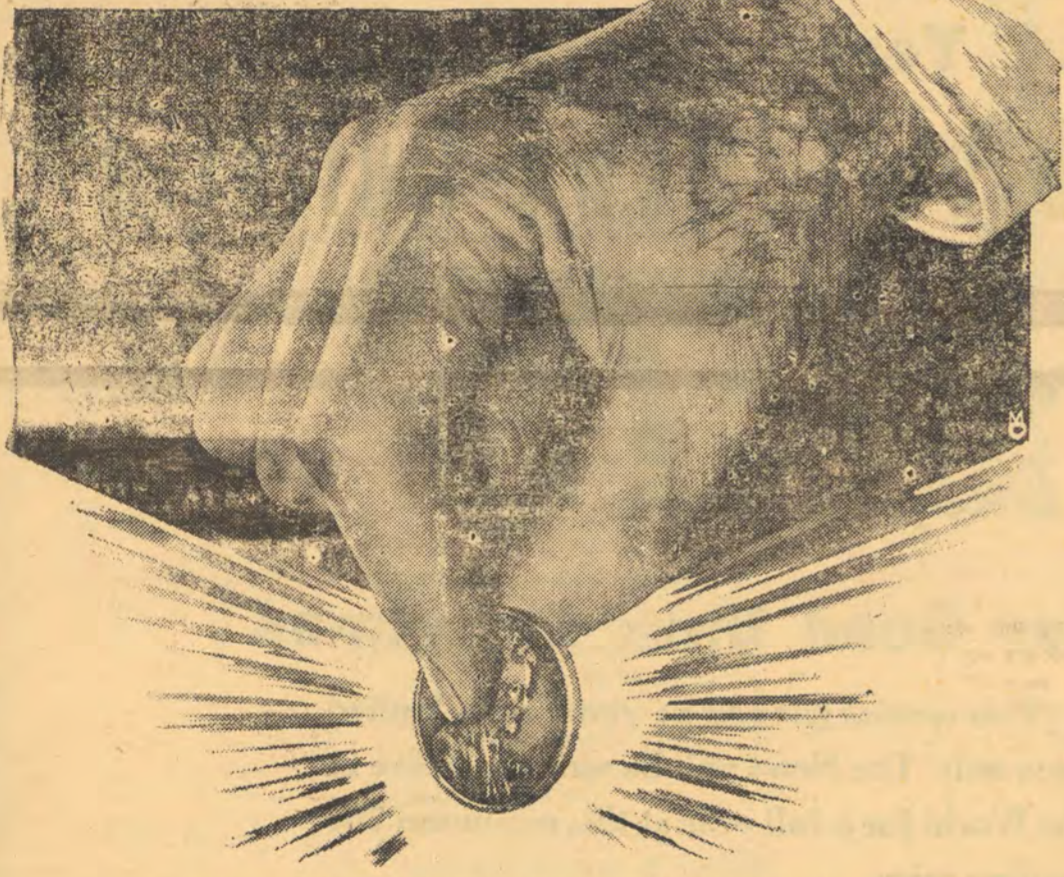

It is estimated that there are 16,000,000 boys and girls, aged 13 through 18, in this country, who have \$9,000,000 to spend each year. This represents money earned or received as allowances. By 1965, this market is expected to expand to 24,000,000 boys and girls, with at least \$14,000,000,000 1956 value dollars to spend.
